**North Dakota**  
*Office of the Governor*

**John Hoeven**  
*Governor*

**Executive Order 2008-06**

**WHEREAS**, North Dakota has received significant precipitation in the form of rain and snow during the harvest season, which has slowed harvest and required the drying of grain using propane; and

**WHEREAS**, North Dakota's corn crop is only approximately half harvested and North Dakota has received few warm days to help dry the crop; and

**WHEREAS**, a surge in demand for propane has occurred because farmers are harvesting higher moisture grain, which requires the use of more propane, especially during cold weather, to dry the grain to proper moisture content for storage; and

**WHEREAS**, drivers of propane delivery trucks are required to wait up to ten hours at North Dakota's main propane terminal, which limits their ability to transport propane to farmers; and

**WHEREAS**, it is the responsibility of the state to assist the people of North Dakota in addressing the emergencies, disasters, and other hardships that may face the state and its citizens.

**NOW, THEREFORE**, I, John Hoeven, Governor of North Dakota, by virtue of the authority vested in me by Article V, Section 1 of the North Dakota Constitution and North Dakota Century Code § 37-17.1, do hereby declare that a state of emergency exists in North Dakota that requires relief from North Dakota Century Code § 39-32-02 pertaining to hours of service for drivers of commercial motor vehicles while transporting propane to customers.

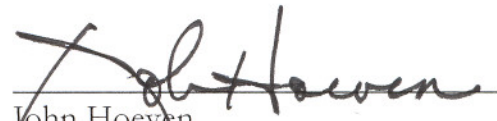

This order is issued on the foregoing bases and on the following conditions:

1. Nothing in this order shall be construed to relieve carriers operating under this order from regulations under state law pertaining to qualifications of drivers, driving of commercial motor vehicles, or parts and accessories necessary for the safe operation of vehicles.

2. Carriers, while under this order, shall not require or allow fatigued drivers to operate a motor vehicle. A driver who informs a carrier that she/he needs immediate rest shall be given at least ten consecutive hours before the driver is required to return to service.

This order extends Executive Order 2008-05 and shall be effective until 11:59 p.m. on December 15, 2008, or for the duration of the emergency, whichever is less.

Executed at Bismarck, North Dakota, this 26<sup>th</sup> day of November 2008.

  
John Hoeven  
Governor
